Meeting was called to order at 6:35 PM.

No new members have joined the FLC committee.

There was an email read that Jan received from Linda about the idea of a document shred day as a fundraiser. It was concluded that it was a good idea but needed some research into the details of holding such an event. As part of the email, Barb Bessette reported that 50 slippers have been made for the Angel Program for Christmas already.

New Business: The Poinsettia Program was discussed. It was decided that a better homebound list is needed in order to make sure the poinsettias get to the people they are supposed to get to. Tim will periodically put announcements into the bulletin asking for parishioners to call if they are homebound or know someone who is homebound.

Letters are going out to parishioners or former parishioners who were deleted from the census program for lack of use of envelopes. It was agreed that there needs to be a way to get people to use their envelopes more.

The parish Pancake Breakfast is scheduled for Sunday April 24 after the 8 a.m. mass in Kolbe Hall. It was agreed that we would have some members of the FLC volunteer to help serve at the breakfast.

The Parish Polish Picnic is happening this summer and the FLC will be in charge of family friendly kids game and activities. The idea of doing basket raffles was discussed.

It was also discussed that with the development of a new parish website, that pictures of FLC activities and descriptions of those activities would need to be submitted for inclusion.

No Greeting cards were written at this meeting.
